

HOW TO DOWNLOAD AND INSTALL MATLAB ON YOUR PC (9/2021)

Connect to the MathWorks portal (the company that produces Matlab) dedicated to Parthenope University, available in Italian and English, at

<https://it.mathworks.com/academia/tah-portal/universita-degli-studi-di-napoli-parthenope-31091231.html>

and follow the instructions found on that portal.

To access the portal you need to have a Parthenope University account (our domains are registered: uniparthenope.it and studenti.uniparthenope).

All installation guides are at the following web address:

<https://www.mathworks.com/academia/campus/resources/quick-start.html>

In addition, as additional support:

For students, the new MATLAB Student Ambassador Italy YouTube channel at
